

DEMOLAY WILL BE ORGANIZED HERE SATURDAY NIGHT

Wichita Chapter Will Arrive at 5 P. M.—Secretary Fritz of Maskat Shrine Will Assist—Many Vernon Lads Sign Local Petition—Order Has Rapid Growth.

L. G. Hawkins, prominent local Mason, has received advice from C. C. Fritz, Secretary of the Maskat Shrine of Wichita Falls, stating that a delegation of forty to fifty members of the Wichita Order of Demolay will arrive in Vernon Saturday afternoon at 5 p. m. The Wichita lads, who will be accompanied by Mr. Fritz, are coming to Vernon for the purpose of assisting and instructing the local order which will be organized here Saturday night, beginning at 7:30, at which time the Vernon chapter will be instituted.

With uniforms and complete equipment and regalia, it is expected that the visitors will stage an exhibition of the lodge work which will give the Vernon lads valuable instructions from the start.

Vernon boys who have signed the petition are as follows: Robert H. Taylor, A. M. Hiatt, Jr., Chas. B. Blackwood, James G. Robertson, Robert T. Lutz, Walter D. McCloy, D. Ennis Windle, R. Evans Mason, Hubert Sewell, Teddy Farrell, Carl E. Robertson, Jess M. Hollar, Leo Earnest Davis, Jno. M. Hawley, Jr., J. D. Morris, Thornton M. Ferguson, Aubrey L. Huddleston, Harold D. Shive, Theron C. Staley, Leif O. Buchanan, Frank Parr, Damon Shive, Frances L. Sylvester, Harold Parsley, Jas. B. Parker, Guy Norwood, Emory M. Rogers, Robert S. Wright, Louie M. Bildstein, Robert C. Stokes.

Who May Join

Demolay has fixed its age limits from 16 to 21 inclusive, psychologically termed the "impressionable age." In fixing the minimum, it was done with the desire to avoid any interference with the Boy Scout movement which handles the younger boys. It has been found that boys of 20 do not associate with boys below the age of 16. Sons of Master Masons and their chums, between the age limits are eligible to membership. Naturally good morals and other fundamental requirements are insisted upon.

Who May Organize

Any recognized Masonic body of either York or Scottish Rite may sponsor a chapter of the Order. It has not been found feasible for lodges to act as sponsor in cities where there are more than one lodge. The organization must agree to give moral and financial support, if necessary, and supervise its operations, through an advisory committee of nine men, nominated by them.

Its Ritual

The ritualistic work is embodied in two degrees—the Initiatory and the Demolay. The first inculcating the cardinal virtues of the Order, which are deeply impressed upon the minds through a symbolic journey splendidly portrayed. The latter degree is historical and spectacular, affording opportunity to the boys with dramatic ability to display talent. The whole is embellished with tableaux and the effects calculated to make a permanent impression.

Origin of Name

The Order derives its name from Jacques Demolay, the last military Grand Master of the Order of Knights Templar, an eminent martyr of Free Masonry, who on the evening of May 18, 1314, as the bells of the Cathedral of Notre Dame tolled the hour of seven, was burned at the stake on an isle in the Seine River. Modern names might have been employed. Scenes from American history might have been utilized but with the prospect that Demolay might become universal it was believed best by its founders not to do so. The name of Jacques Demolay is closely associated with the Masonic Order of Knighthood, and the selection of his name seems eminently proper. It is suggested that our boys should be taught that our forefathers fought for all our inalienable rights; that our freedom was purchased with blood, fire and sword, that forces are existent today which would destroy all that we now have and that eternal vigilance is the price of liberty.

PAID JILTED FIANCEE'S COURTSHIP BILLS.

Miss Sheila Terry, an actress, has paid a "courtship bill," presented by Benny Rubin, whom she rejected, which covered candy, flowers, etc. She says it is only fair that when a man has courted a girl and taken her to suppers, theatres and done many little things for her, and then the girl marries someone else, the girl should pay him back what he spent—If he sends in a bill and wants the cash.

OFFICERS CAPTURE MAMMOTH STILL

SHERIFF ISH AND DEPUTY O'NEAL UNEARTH MOONSHINE OUT-FIT THURSDAY.

What is said to be one of the largest stills ever found by local county officers was captured and brought to Vernon late yesterday afternoon by Sheriff W. A. Ish and F. A. N. O'Neal. The outfit, only recently located, was captured on China creek in the southeastern portion of the county about twenty-five miles from Vernon.

Equipped with a large copper coil, boiler and other modern facilities, it is claimed by officials of the Sheriff's department to be, in every respect, a 1923 model. The still has a capacity of about 60 gallons.

Officers stated that the outfit was located in the bed of a creek in a very rough territory where the dense brush, briars and other obstacles combined to form an almost perfect barrier against those who might seek to unearth the still.

Only a small quantity of liquor and mash was taken. No arrests were made.

Elder Milholland to Hold Meeting
Elder Milholland of the Church of Christ will begin a week's revival meeting at Oklaunion Sunday afternoon at 3 o'clock. Everybody invited to attend.

dozen members, fostered by Frank S. Land of Kansas City, Missouri. In March, 1919, it swept over Kansas so swiftly that within two years it numbered almost two thousand members. In the meanwhile his farseeing brother, from his knowledge of boys' problems, knew that such an organization, to be successful, must have more than a mere organization. Therefore, he conceived the idea of a ritual and his ideas were utilized by Frank A. Marshall in the splendid ritual which they now use.

In March, 1921, there assembled in Kansas City, Missouri, representative men from those states in which the order had chapters. Their decision was that the work could best be spread by the organization of a Grand Council national in character, its membership to be limited to fifty members, owing to the expense, selected from every part of the United States. Each local chapter is under control of an Advisory Council selected from the members of the body fostering it.

The local Commandery, headed by Wallace H. Huggins, will provide a feast for the visitors and candidates which will be served at the Puckett building at 6:30. The ceremonies will be held at the Masonic building.

CLEVER SWINDLER OPERATES HERE

MAN ARRESTED AT ELECTRA BROUGHT TO VERNON BY SHERIFF.

County officers are holding a man who was arrested at Electra Tuesday and brought to Vernon Wednesday by Sheriff W. A. Ish to answer charges filed against him by local business men, alleging an unlawful scheme of "short changing."

Several local victims identified the prisoner at the sheriff's office, and the erstwhile "city slicker" was lodged in the county jail, pending further investigation.

Would Frustrate Victims.

The alleged swindler, according to the stories of his victims, operated through a fundamental theory of human nature, psychology playing an important role in the plan.

The story of a clerk in a local business establishment is as follows: "This party entered my store and purchased an item of small value and handed me a ten dollar bill. While I was making change at the cash register he suddenly called me and advised that he had some nickels and dimes and believed he would pay for the merchandise with the small change as he didn't care to carry the heavy silver in his pocket. I laid the bill upon the counter and it very suddenly and mysteriously disappeared. After the article was paid for with the small change, he demanded his ten dollar bill which I thought he had already taken. An argument followed and I finally gave him a ten dollar bill from the cash register and checked up ten dollars short at the end of the business day."

It is reported that several Vernon business houses are the victim of this clever scheme.

Chilliothe Youth Dies in Vernon

Claude Nichols, 10, son of John Nichols of Chilliothe, who was operated on here for appendicitis two weeks ago, died in Vernon Wednesday morning. It is reported that the child was in a critical condition when taken to the sanitarium and little hope for his recovery was entertained. The body was taken to Chilliothe for burial yesterday.

West Vernon School Opens Monday

Announcement has been made by W. W. Snodgrass that the West Vernon school will open Monday, September 4. Mr. Snodgrass, who is principal of the school, stated this morning that he was anxious that a full attendance of pupils report for enrollment on the opening day.

MRS. C. A. RICHIE BURIED HERE ON THURSDAY

Wife of District Clerk Succumbs to Stroke of Paralysis—Cast Ballot Saturday—Resident of Wilbarger County 31 Years—Survived by Large Family.

Mrs. Angeline Richie, 78, wife of District Clerk C. A. Richie, died Wednesday afternoon at 12:15, death resulting from a stroke of paralysis Saturday afternoon, since which time she had been in a critical condition.

The deceased had been in failing health for some time, although on Saturday she was able to accompany her husband to the polls and vote. Upon returning home about three o'clock in the afternoon, and while sewing and engaged in conversation with her children, she suddenly fell asleep. The daughters discovered that something was wrong and immediately summoned medical aid. Consciousness, however, was never regained from the time of the sudden attack until the end came Wednesday.

Native of Kentucky.

Mrs. Richie was formerly Miss Angeline Thompson, a native of Kentucky. After her marriage to C. A. Richie, the couple moved to Texas in 1879, settling near Dallas. They afterwards moved to Kaufman county and came to Wilbarger in 1891, locating near Harrold where the family resided sixteen years, moving to Vernon in 1907 and have made their home here for the last fifteen years.

She is survived by her husband and five children: Mrs. J. A. Walker, Mrs. E. W. Madden, Hayden and Henry, all residents of this county and were present when death came. Other descendants included thirteen grandchildren and one great grandchild.

Funeral services were held at the Baptist tabernacle Thursday morning at 10 o'clock with Rev. L. J. Mims assisted by Dr. E. L. Moore in charge. Interment was made in East View cemetery.

Honorary pall bearers were: H. D. Hockersmith, L. A. Stalcup, W. N. Stokes, Geo. J. Mason, J. D. R. Cooper, L. N. Anderson, J. T. Oates, J. N. Fuleher, J. W. Rainwater, Arthur Truett and R. L. Sellers. Active pall bearers were: J. A. Gilliland, W. A. Lane, L. A. Foster, L. M. Anderson, W. C. Baker and J. O. Rouse.

Out-of-town relatives and friends present were: G. W. Richie of Farney, Mr. and Mrs. R. P. Womack, Miss Leila Womack, and Mrs. Ruby Greening and daughter, Mattie, of Crowley.

Mrs. Richie, who was an earnest and consecrated Christian, had been a member of the Baptist church since childhood.

Lovlace Appointed Trustee

At a meeting of the county board of education at the court house Tuesday afternoon, Bryan Lovlace was appointed trustee of the Fargo school district to fill the vacancy caused by the resignation of R. B. Richardson.

ODELL BURGLARY SUSPECT HELD

ARRESTED AT BURKBURNETT TUESDAY LODGED IN VERNON JAIL WEDNESDAY.

Suspected as being one of the parties wanted in connection with a series of robberies which occurred at Odell Sunday night, August 13, a man giving his name as Claude Bean, was arrested late Tuesday afternoon at Burkburnett and brought to Vernon Wednesday morning and lodged in the county jail.

During the robbery for which the suspect is being held, the Bank of Odell, Orient railway station, Gable's Garage, Belcher's Drug Store and the postoffice at Odell were all entered the same night and about \$165 was taken. The burglars effected an entrance to the vault of the bank but failed in their effort to enter the safe. A high powered car was seen leaving Odell about midnight, headed towards Chilliothe. It is thought that the car was driven by the robbers. Officers have been hard at work on the case since the night of the burglary.

MURDER CUT SHORT COLLINS'S ROMANCE.

While he was "on the run" for six years as Commander-in-Chief of the Irish Army, with a huge price on his head, Michael Collins wooed and won the beautiful Miss Kittie Kiernan, of Granard, County Longford, who was irresistibly attracted by the dashing young soldier. The romance was not disclosed until, in a personal and scathing attack upon Collins in Dail Eireann, Countess Markiewicz declared that, for having signed the peace treaty with England, Collins ought to marry Princess Mary.

In a beautiful answer, Collins declared the Countess was bringing pain to his fiancée—and the secret was out. The marriage was to have taken place as soon as Collins brought peace to "this most distressful land." But the wedding will never take place, for Collins is dead at the hands of assassins, and Miss Kiernan is left to mourn.

FEDERATION WILL HAVE FAIR BOOTH

DECIDED AT MEETING WEDNESDAY-CLUB DUES MAY BE LOWERED.

At the regular monthly meeting of the Wilbarger County Federation of Women's Clubs Wednesday afternoon it was decided that the federation would negotiate arrangements with the management of the county fair whereby the organization would conduct a refreshment booth, the proceeds from which to be placed with the Allingham park fund.

A committee composed of Mesdames T. M. Ferguson, R. S. McCoubie, Y. H. Babasin, J. H. Pendleton and Miss Mary Blackman, was appointed to look after the general arrangements pertaining to the booth.

Local clubs will be asked to send members to assist in the work that will be incurred in the conduct of the refreshment booth, and it is planned to have a different club in charge of the affair each day.

May Reduce Membership Fee

A resolution was introduced providing for a reduction of the federation's membership fees from \$5.00 to \$1.00. In this connection it was pointed out that such reduction should tend to influence some of the smaller clubs to join the organization. The federation is anxious to ultimately acquire a thorough representation of all Women's clubs through out the county.

Mrs. A. N. Vernon, president of the federation, announced that \$1,300 had been applied on the indebtedness against Allingham park; the major portion of this payment having been raised during community week in July of this year. Plans to hold another community week are being worked out now, and members of the federation expressed the hope that in the future it would develop into a regular annual affair. Other plans for raising funds to pay off the indebtedness on the park property are being formulated, according to Mrs. Vernon.

Barbecue at Hillcrest

Plans are being made by members of the Hillcrest County Club to stage an old fashioned barbecue on Monday, September 4 at the club lake.

The committee in charge of arrangements stated today that five choice lambs and an abundance of real Moca and Java coffee will be served on the occasion of the club's labor day celebration.

Members are expected to bring full baskets, according to chairman Rhoads of the committee on arrangements. Local golf enthusiasts are making plans for an afternoon session of play and pleasure on the links.

CITY SCHOOLS OPEN WEEK FROM MONDAY

THIRTY-FIVE TEACHERS EMPLOYED FOR NINETEEN-TWO-TWO OPENING.

The Vernon city school board, Superintendent Dohoney and a corps of teachers are busy making preparations for the opening of the city schools for the incoming season. Buildings and equipment at the various schools are being put in readiness for the fall term, according to Mr. Dohoney.

According to the scholastic census taken last spring, 1,413 Vernon children are eligible to enter the city schools this year. However, superintendent Dohoney calls attention to the fact that a recent amendment to the state school laws provides that boys and girls between the ages of 7 and 21 are eligible to enter the public schools of Texas. It seems, however, that the method of taking the scholastic census has not been changed to conform to the new law. Therefore, it is expected that the maximum enrollment this year will equal and probably exceed the enrollment of last year which amounted to 1,613, or 200 more than this year's scholastic census.

Last year 1,200 pupils were present on the opening day of the fall term and it is thought this number will probably be equalled on next Monday, September 11. According to Mr. Dohoney the compulsory attendance law does not become operative until January 1, at which time the maximum enrollment is expected to be reached. Under this law parents are required to send their children to the free schools of the state for a period of five months.

Thirty-six teachers, including the superintendent, comprise the city faculty, and are as follows:

High School

E. L. Dohoney, superintendent; J. N. Fulcher, principal; R. B. Galbraith, Mrs. Knox Kinard, Miss Winnie Porterfield, Miss Anna Jo Pendleton, Miss Catherine Chapman, Miss Thelma Smith, Miss Valeria Reynolds, Miss Myrtle Boatwright, W. H. Cochran.

LOCAL ENTERPRISES GIVE FREE TRIPS TO TEXAS STATE FAIR

Bankers Contribute To Prize Winners At County Fair—Live Stock and Wilbarger Fair Association Join In Movement—Nine Trips In All Will Be Given.

Following an established custom of several years duration, Vernon bankers will contribute seven free trips to the Texas State Fair in October, to be given as prizes for the winners among the boys and girls county clubs contest which will be staged at the Wilbarger County Fair September 20 to 23. In addition to the bankers' contributions, the Wilbarger County Pure Bred Live Stock Association and the County Fair Association will each contribute a free trip to the same fair, making nine in all.

Numerous Chances to Win

The Live Stock Association's free trip will go to the boy who wins the first prize in the pig show. The Fair Association will give a free trip to the state fair to the girl who wins first prize in the poultry contest.

The Waggoner National Bank's contributions will consist of free trips to the fair for the girl who tops the list in the first year's work, and the boy who takes first prize on an acre of green sorghum.

The Herring National Bank awards a trip to the girl who finishes highest in the second year, and also to the member of the baby beef club whose calf wins grand championship honors.

The Farmers State Bank gives free trips to Dallas to the girl winner in the fourth year work, also to the boy who takes first prize for the best acre of corn.

The First Guaranty State Bank will award their prize winning trip to the third year girl who is successful in the county fair contest.

It is announced that additional trips may be given, but will not be definitely known until next week.

Accommodations in Dallas

Adequate housing quarters will be provided for the boys and girls in the new Encampment Educational building at the state fair grounds in Dallas. Meals will also be served free of charge.

The boys will arrive in Dallas October 9 and leave October 11. The girls stay at the fair will date from October 12 to 15. It is expected that a large delegation of club members from practically every section of the state will gather in Dallas on these dates.

Prominent instructors from the extension department of the A. & M. College will act as guides for the visitors and a systematic study of the fair will be made. Special courtesies will be extended to these guests by citizens of Dallas. Winners of the highest honors in the state contest will be awarded \$200 scholarships to colleges.

Miss Eula Goodfellow, home demonstration agent, announces that Wilbarger girls have their sewing ready for exhibition. The canning, however has been delayed. She will be in Harrold Monday at the domestic science hall to supervise the canning. "Each girl must include in her canned exhibit, two cans of tomatoes," said Miss Goodfellow.

The following work in the girls' club department is required of each contestant for prizes at the county and state fairs:

First Year's Club Work

Best exhibit required garden club work, including canning, sewing, article for home improvement and complete record book and history.

Best exhibit required poultry club work, including poultry, sewing article for home improvement and complete record book and history.

Best exhibit required home improvement work, including one piece made over furniture for girl's room, one article of sewing, canning, photograph of yard before and after improving and complete record book and history.

Canned Products

2 cans tomatoes, canned, 1 pint Chili sauce, 1 pint tomato pickle, 2 qts. different canned fruits, 1 pint peanut butter or 1 qt. fancy pack vegetable.

Sewing

Sewing bags, cup towel and holder, uniform apron, best article for home improvement, best photographed yard.

NUMBER 67.

DEMOLAY WILL BE ORGANIZED HERE SATURDAY NIGHT

Wichita Chapter Will Arrive at 5 P. M.—Secretary Fritz of Maskat Shrine Will Assist—Many Vernon Lads Sign Local Petition—Order Has Rapid Growth.

L. G. Hawkins, prominent local Mason, has received advice from C. C. Fritz, Secretary of the Maskat Shrine of Wichita Falls, stating that a delegation of forty to fifty members of the Wichita Order of Demolay will arrive in Vernon Saturday afternoon at 5 p. m. The Wichita lads, who will be accompanied by Mr. Fritz, are coming to Vernon for the purpose of assisting and instructing the local order which will be organized here Saturday night, beginning at 7:30, at which time the Vernon chapter will be instituted.

With uniforms and complete equipment and regalia, it is expected that the visitors will stage an exhibition of the lodge work which will give the Vernon lads valuable instructions from the start.

Vernon boys who have signed the petition are as follows: Robert H. Taylor, A. M. Hiatt, Jr., Chas. B. Blackwood, James G. Robertson, Robert T. Lutz, Walter D. McElroy, D. Ennis Windle, R. Evans Mason, Hubert Sewell, Teddy Farrell, Carl E. Robertson, Jess M. Hollar, Leo Earnest Davis, Jno. M. Hawley, Jr., J. D. Morris, Thurston M. Ferguson, Aubrey L. Huddleston, Harold D. Shive, Theron C. Staley, Leil O. Buchanan, Frank Parr, Damon Shive, Frances L. Sylvestor, Harold Parsley, Jas. B. Parker, Guy Norwood, Emory M. Rogers, Robert S. Wright, Lonie M. Bildstein, Robert C. Stokes.

Who May Join

Demolay has fixed its age limits from 16 to 21 inclusive, psychologically termed the "impressionable age." In fixing the minimum, it was done with the desire to avoid any interference with the Boy Scout movement which handles the younger boys. It has been found that boys of 20 do not associate with boys below the age of 16. Sons of Master Masons and their chums, between the age limits are eligible to membership. Naturally good morals and other fundamental requirements are insisted upon.

Who May Organize

Any recognized Masonic body of either York or Scottish Rite may sponsor a chapter of the Order. It has not been found feasible for lodges to act as sponsor in cities where there are more than one lodge. The organization must agree to give moral and financial support, if necessary, and supervise its operations, through an advisory committee of nine men, nominated by them.

Its Ritual

The ritualistic work is embodied in two degrees—the Initiatory and the DeMolay. The first inculcating the cardinal virtues of the Order, which are deeply impressed upon the minds through a symbolic journey splendidly portrayed. The latter degree is historical and spectacular, affording opportunity to the boys with dramatic ability to display talent. The whole is embellished with tableaux and the effects calculated to make a permanent impression.

Origin of Name

The Order derives its name from Jacques DeMolay, the last military Grand Master of the Order of Knights Templar, an eminent martyr of Free Masonry, who on the evening of May 18, 1314, as the bells of the Cathedral of Notre Dame tolled the hour of seven, was burned at the stake on an Isle in the Seine River. Modern names might have been employed. Scenes from American history might have been utilized but with the prospect that DeMolay might become universal it was believed best by its founders not to do so. The name of Jacques DeMolay is closely associated with the Masonic Orders of Knighthood, and the selection of his name seems eminently proper. It is suggested that our boys should be taught that our forefathers fought for all our inalienable rights; that our freedom was purchased with blood, fire and sword, that forces are existent today which would destroy all that we now have and that eternal vigilance is the price of liberty.

OFFICERS CAPTURE MAMMOTH STILL

SHERIFF ISH AND DEPUTY O'NEAL UNEARH MOONSHINE OUT-FIT THURSDAY.

What is said to be one of the largest stills ever found by local county officers was captured and brought to Vernon late yesterday afternoon by Sheriff W. A. Ish and F. A. N. O'Neal. The outfit, only recently located, was captured on China creek in the southeastern portion of the county about twenty-five miles from Vernon.

Equipped with a large copper coil, boiler and other modern facilities, it is claimed by officials of the Sheriff's department to be, in every respect, a 1923 model. The still has a capacity of about 60 gallons.

Officers stated that the outfit was located in the bed of a creek in a very rough territory where the dense brush, briars and other obstacles combined to form an almost perfect barrier against those who might seek to unearth the still.

Only a small quantity of liquor and mash was taken. No arrests were made.

Elder Milholland to Hold Meeting

Elder Milholland of the Church of Christ will begin a week's revival meeting at Oklahoma Sunday afternoon at 3 o'clock. Everybody invited to attend.

dozen members, fostered by Frank S. Land of Kansas City, Missouri. In March, 1919, it swept over Kansas so swiftly that within two years it numbered almost two thousand members. In the meanwhile his farseeing brother, from his knowledge of boys' problems, knew that such an organization, to be successful, must have more than a mere organization. Therefore, he conceived the idea of a ritual and his ideas were utilized by Frank A. Marshall in the splendid ritual which they now use.

In March, 1921, there assembled in Kansas City, Missouri, representative men from those states in which the order had chapters. Their decision was that the work could best be spread by the organization of a Grand Council national in character, its membership to be limited to fifty members, owing to the expense, selected from every part of the United States. Each local chapter is under control of an Advisory Council selected from the members of the body fostering it.

The local Commandery, headed by Wallace H. Huggins, will provide a feast for the visitors and candidates which will be served at the Puckett building at 6:30. The ceremonies will be held at the Masonic building.

CLEVER SWINDLER OPERATES HERE

MAN ARRESTED AT ELECTRA BROUGHT TO VERNON BY SHERIFF.

County officers are holding a man who was arrested at Electra Tuesday and brought to Vernon Wednesday by Sheriff W. A. Ish to answer charges filed against him by local business men, alleging an unlawful scheme of "short changing."

Several local victims identified the prisoner at the sheriff's office, and the erstwhile "city slicker" was lodged in the county jail, pending further investigation.

Would Frustrate Victims.

The alleged swindler, according to the stories of his victims, operated through a fundamental theory of human nature, psychology playing an important role in the plan.

The story of a clerk in a local business establishment is as follows: "This party entered my store and purchased an item of small value and handed me a ten dollar bill. While I was making change at the cash register he suddenly pulled me and advised that he had some nickels and dimes and believed he would pay for the merchandise with the small change as he didn't care to carry the heavy silver in his pocket. I laid the bill upon the counter and it very suddenly and mysteriously disappeared. After the article was paid for with the small change, he demanded his ten dollar bill which I thought he had already taken. An argument followed and I finally gave him a ten dollar bill from the cash register and checked up ten dollars short at the end of the business day."

It is reported that several Vernon business houses are the victim of this clever scheme.

Chillicothe Youth Dies in Vernon

Claude Nichols, 10, son of John Nichols of Chillicothe, who was operated on here for appendicitis two weeks ago, died in Vernon Wednesday morning. It is reported that the child was in a critical condition when taken to the sanitarium and little hope for his recovery was entertained. The body was taken to Chillicothe for burial yesterday.

West Vernon School Opens Monday

Announcement has been made by W. W. Snodgrass that the West Vernon school will open Monday, September 4. Mr. Snodgrass, who is principal of the school, stated this morning that he was anxious that a full attendance of pupils report for enrollment on the opening day.

MRS. C. A. RICHIE BURIED HERE ON THURSDAY

Wife of District Clerk Succumbs to Stroke of Paralysis—Cast Ballot Saturday—Resident of Wilbarger County 31 Years—Survived by Large Family.

Mrs. Angeline Richie, 73, wife of District Clerk C. A. Richie, died Wednesday afternoon at 12:15, death resulting from a stroke of paralysis Saturday afternoon, since which time she had been in a critical condition.

The deceased had been in failing health for some time, although on Saturday she was able to accompany her husband to the polls and vote. Up on returning home about three o'clock in the afternoon, and while sewing and engaged in conversation with her children, she suddenly fell asleep. The daughters discovered that something was wrong and immediately summoned medical aid. Consciousness, however, was never regained from the time of the sudden attack until the end came Wednesday.

Native of Kentucky.

Mrs. Richie was formerly Miss Angeline Thompson, a native of Kentucky. After her marriage to C. A. Richie, the couple moved to Texas in 1879, settling near Dallas. They afterwards moved to Kaufman county and came to Wilbarger in 1891, locating near Harrold where the family resided sixteen years, moving to Vernon in 1907 and have made their home here for the last fifteen years.

She is survived by her husband and five children: Mrs. J. A. Walker, Mrs. E. W. Madden, Hayden and Henry, all residents of this county and were present when death came. Other descendants included thirteen grandchildren and one great grandchild.

Funeral services were held at the Baptist tabernacle Thursday morning at 10 o'clock with Rev. L. J. Mims assisted by Dr. E. L. Moore in charge. Interment was made in East View cemetery.

Honorary pall bearers were: H. D. Hockersmith, L. A. Stalcup, W. N. Stokes, Geo. J. Mason, J. D. R. Cooper, L. N. Anderson, J. T. Oates, J. N. Fuleher, J. W. Rainwater, Arthur Truett and R. L. Sellers. Active pall bearers were: J. A. Gilliland, W. A. Lane, L. A. Foster, L. M. Anderson, W. C. Baker and J. O. Rouse.

Out-of-town relatives and friends present were: G. W. Richie of Forney, Mr. and Mrs. R. P. Womack, Miss Leila Womack, and Mrs. Ruby Greening and daughter, Mattie, of Crowley.

Mrs. Richie, who was an earnest and consecrated Christian, had been a member of the Baptist church since childhood.

Lovelle Appointed Trustee

At a meeting of the county board of education at the court house Tuesday afternoon, Bryan Lovelle was appointed trustee of the Fergo school district to fill the vacancy caused by the resignation of R. B. Richardson.

ODELL BURGLARY SUSPECT HELD

ARRESTED AT BURKBURNETT TUESDAY LODGED IN VERNON JAIL WEDNESDAY.

Suspected as being one of the parties wanted in connection with a series of robberies which occurred at Odell Sunday night, August 13, a man giving his name as Claude Bean, was arrested late Tuesday afternoon at Burkburnett and brought to Vernon Wednesday morning and lodged in the county jail.

During the robbery for which the suspect is being held, the Bank of Odell, Orient railway station, Gable's Garage, Belcher's Drug Store and the postoffice at Odell were all entered the same night and about \$165 was taken. The burglars effected an entrance to the vault of the bank but failed in their effort to enter the safe. A high powered car was seen leaving Odell about midnight, headed towards Chillicothe. It is thought that the car was driven by the robbers. Officers have been hard at work on the case since the night of the burglary.

MURDER CUT SHORT COLLINS'S ROMANCE.

While he was "on the run" for six years as Commander-in-Chief of the Irish Army, with a huge price on his head, Michael Collins wooed and won the beautiful Miss Kittie Kiernan, of Granard, County Longford, who was irresistibly attracted by the dashing young soldier. The romance was not disclosed until, in a personal and scathing attack upon Collins in Dail Eireann, Countess Markiewicz declared that, for having signed the peace treaty with England, Collins ought to marry Princess Mary.

In a beautiful answer, Collins declared the Countess was bringing pain to his fiancée—and the secret was out. The marriage was to have taken place as soon as Collins brought peace to "this most distressful land." But the wedding will never take place, for Collins is dead at the hands of assassins, and Miss Kiernan is left to mourn.

FEDERATION WILL HAVE FAIR BOOTH

DECIDED AT MEETING WEDNESDAY-CLUB DUES MAY BE LOWERED.

At the regular monthly meeting of the Wilbarger County Federation of Women's Clubs Wednesday afternoon it was decided that the federation would negotiate arrangements with the management of the county fair whereby the organization would conduct a refreshment booth, the proceeds from which to be placed with the Allingham park fund.

A committee composed of Mesdames T. M. Ferguson, R. S. McConihe, Y. H. Babasin, J. H. Pendleton and Miss Mary Blackman, was appointed to look after the general arrangements pertaining to the booth.

Local clubs will be asked to send members to assist in the work that will be incurred in the conduct of the refreshment booth, and it is planned to have a different club in charge of the affair each day.

May Reduce Membership Fee

A resolution was introduced providing for a reduction of the federation's membership fees from \$5.00 to \$1.00. In this connection it was pointed out that such reduction should tend to influence some of the smaller clubs to join the organization. The federation is anxious to ultimately acquire a thorough representation of all Women's clubs through out the county.

Mrs. A. N. Vernon, president of the federation, announced that \$1,300 had been applied on the indebtedness against Allingham park; the major portion of this payment having been raised during community week in July of this year. Plans to hold another community week are being worked out now, and members of the federation expressed the hope that in the future it would develop into a regular annual affair. Other plans for raising funds to pay off the indebtedness on the park property are being formulated, according to Mrs. Vernon.

Barbecue at Hillcrest

Plans are being made by members of the Hillcrest County Club to stage an old fashioned barbecue on Monday September 4 at the club lake.

The committee in charge of arrangements stated today that five choice lambs and an abundance of real Moca and Java coffee will be served on the occasion of the club's labor day celebration.

Members are expected to bring full baskets, according to chairman Rhoads of the committee on arrangements. Local golf enthusiasts are making plans for an afternoon session of play and pleasure on the links.

CITY SCHOOLS OPEN WEEK FROM MONDAY

THIRTY-FIVE TEACHERS EMPLOYED FOR NINETEEN-TWO-TWO OPENING.

The Vernon city school board, Superintendent Dohoney and a corps of teachers are busy making preparations for the opening of the city schools for the incoming season. Buildings and equipment at the various schools are being put in readiness for the fall term, according to Mr. Dohoney.

According to the scholastic census taken last spring, 1,413 Vernon children are eligible to enter the city schools this year. However, superintendent Dohoney calls attention to the fact that a recent amendment to the state school laws provides that boys and girls between the ages of 7 and 21 are eligible to enter the public schools of Texas. It seems, however, that the method of taking the scholastic has not been changed to conform to the new law. Therefore, it is expected that the maximum enrollment this year will equal and probably exceed the enrollment of last year which amounted to 1,613, or 200 more than this year's scholastic census.

Last year 1,200 pupils were present on the opening day of the fall term and it is thought this number will probably be equaled on next Monday, September 11. According to Mr. Dohoney the compulsory attendance law does not become operative until January 1, at which time the maximum enrollment is expected to be reached. Under this law parents are required to send their children to the free schools of the state for a period of five months.

Thirty-six teachers, including the superintendent, comprise the city faculty, and are as follows:

LOCAL ENTERPRISES GIVE FREE TRIPS TO TEXAS STATE FAIR

Bankers Contribute To Prize Winners At County Fair—Live Stock and Wilbarger Fair Association Join In Movement—Nine Trips In All Will Be Given.

Following an established custom of several years duration, Vernon bankers will contribute seven free trips to the Texas State Fair in October, to be given as prizes for the winners among the boys and girls county clubs contest which will be staged at the Wilbarger County Fair September 20 to 23. In addition to the bankers' contributions, the Wilbarger County Pure Bred Live Stock Association and the County Fair Association will each contribute a free trip to the same fair, making nine in all.

Numerous Chances to Win

The Live Stock Association's free trip will go to the boy who wins the first prize in the pig show. The Fair Association will give a free trip to the state fair to the girl who wins first prize in the poultry contest.

The Waggoner National Bank's contributions will consist of free trips to the fair for the girl who tops the list in the first year's work, and the boy who takes first premium on an acre of green sorghum.

The Herring National Bank awards a trip to the girl who finishes highest in the second year, and also to the member of the baby beef club whose calf wins grand championship honors.

The Farmers State Bank gives free trips to Dallas to the girl winner in the fourth year work, also to the boy who takes first prize for the best acre of corn.

The First Guaranty State Bank will award their prize winning trip to the third year girl who is successful in the county fair contest.

It is announced that additional trips may be given, but will not be definitely known until next week.

Accommodations in Dallas

Adequate housing quarters will be provided for the boys and girls in the new Encampment Educational building at the state fair grounds in Dallas. Meals will also be served free of charge.

The boys will arrive in Dallas October 9 and leave October 11. The girls stay at the fair will date from October 12 to 15. It is expected that a large delegation of club members from practically every section of the state will gather in Dallas on these dates.

Prominent instructors from the extension department of the A. & M. College will act as guides for the visitors and a systematic study of the fair will be made. Special courtesies will be extended to these guests by citizens of Dallas. Winners of the highest honors in the state contest will be awarded \$200 scholarships to colleges.

Miss Eula Goodfellow, home demonstration agent, announces that Wilbarger girls have their sewing ready for exhibition. The canning, however has been delayed. She will be in Harrold Monday at the domestic science hall to supervise the canning. "Each girl must include in her canned exhibit, two cans of tomatoes," said Miss Goodfellow.

The following work in the girls' club department is required of each contestant for prizes at the county and state fairs:

First Year's Club Work

Best exhibit required garden club work, including canning, sewing, article for home improvement and complete record book and history.

Best exhibit required poultry club work, including poultry, sewing article for home improvement and complete record book and history.

Best exhibit required home improvement work, including one piece made over furniture for girl's room, one article of sewing, canning, photograph of yard before and after improving and complete record book and history.

Canned Products

2 cans tomatoes, canned, 1 pint Chili sauce, 1 pint tomato pickle, 2 qts. different canned fruits, 1 pint peanut butter or 1 qt. fancy pack vegetable.

Sewing

Sewing bags, cup towel and holder, uniform apron, best article for home improvement, best photographed yard

A SUGGESTED PROGRAM FOR WILBARGER COUNTY

- 1.—THE LSE HIGHWAY.
- 2.—THE BEST EQUIPPED CAMP GROUND IN WEST TEXAS.
- 3.—COUNTY-CITY AUDITORIUM
- 4.—PUREBRED LIVE STOCK ON EVERY FARM.
- 5.—\$2,000,000 ANNUAL POULTRY CROP.
- 6.—ANNUAL COUNTY FAIR.
- 7.—A SYSTEMATIC DEVELOPMENT OF TREES ACROSS THE COUNTY ON BOTH SIDES OF THE COLORADO-TO-GULF HIGHWAY

TRIPS TO THE FAIR

It is doubtful whether money could be placed to better advantage or spent for a more noble purpose than the expense the local bankers, Wilbarger County fair association and the County Live Stock Association have assumed by agreeing to send ambitious boys and girls to the State Fair at Dallas.

The past few years has wrought such a decided and radical change in the matters of domestic science, live stock raising and education in Texas, that one is warranted in asserting that the coming generation bids fair to almost completely revolutionize the affairs of this state, insofar as rural life is concerned.

It will be remembered that not many years ago the Texas longhorn steer dominated that vast region of the west known as the cattle range. Although he was a thrifty individual, it was considered a rare occasion when the cowboy of those days could boast of shipping a straight car of 800 pound steers, the average being probably less than 600. Today carload shipments of white face steers weighing 1200 to 1500 is a common occurrence among purebred cattle raisers in this same territory.

This marvelous improvement in the live stock business is principally due to the progressive and wide-awake citizenship which has endured the hardships, braved the drouths, fought back many difficulties and carved out a great empire in an otherwise valueless country.

Along with the development of better livestock, although not given the attention that live stock has received, poultry and its importance as a revenue bearer has commanded the attention of many townspeople as well as farmers. The extension department of the A. & M. College, having for its purpose the improvement of live stock, poultry and the teaching of domestic science to the children of the rural and urban districts, has played an important role in the development of this country.

Through the various clubs and the tireless efforts of the home demonstration and county agents, many youngsters of Wilbarger county have become deeply interested in those practical and worthwhile things, which are calculated to mean much to them in later years.

These trips to the state fair will give the boys and girls a chance to gain first hand information, the benefits of which cannot be estimated.

DEMOLAY

As wonderful as the story of Jack and the Beanstalk, as entertaining as the tales of the Arabian Nights, is the history of the Order of DeMolay. At most over night it grew from a local club into a great national organization of over one hundred thousand

members, with members in every state in the union.

Whether you be the father of an American boy, an American girl or just a plain American citizen, you will be interested in the story of the remarkable organization.

"After seven centuries," says the St. Louis Times in a full page editorial, "the unconquerable spirit of Jacques de Molay still lives and in the members of this order it burns with undimmed brightness—a flame of moral chivalry which prompts its members to be ever ready to defend the weak, the helpless and the oppressed, a creed well worthy of dissemination to the world and adoption by all. Founded upon the basic principles of religion and good citizenship, DeMolay cannot but prosper and surpass even its present remarkable proportions. The splendid accomplishments of its first two years' existence is prophetic of the greater good that will become the legacy of future generations."

Compulsory School Attendance

Notice is hereby given that the period of compulsory attendance in the public schools of Vernon Independent District is to begin the first Monday in January, 1923, and continue for one hundred consecutive school days.

E. L. DOHONEY,

Superintendent Vernon Public Schools.

Foster's Bulletin.

Washington, August 26.—An error occurred early part of this year. Relative positions of the ten principal bodies of the solar system causes the drouths and floods on all parts of the earth. These call for a drouth in northern half of South America for May to October, inclusive 1922, and excessive rains at same time, in south half of that continent. By mistake I used Argentina instead of Northern South America. Official reports say that harvests of European countries are short of last year; Greece 20 per cent Italy 28; Germany, 20; northern Africa, 30; Japan and parts of southern China, 50. Other countries within 500 miles of Mediterranean sea, about average shortage of the five countries given. This makes good the long in advance forecast. That great European drouth will continue to end of October at which time the disastrous drouth in Australia will begin and South American present conditions will end. The general conditions in North America will continue good for sowing winter grain but that does not indicate what the harvests of 1923 will be.

Local Forecasts.—With this issue I begin improved local forecasts for smaller sections, and will use the 8 sections of my sectional map. This map will be mailed free on receipt of postage. Most of my readers have this map.

Section 1:—Lowest temperatures near August 31, September 7, average cooler than usual; highest near September 4 and 10, average cooler than usual; total temperature lower than usual. Week ending Sept. 7, most severe storms, most rains of September, and more rain for average of this crop season.

6. Lowest temperatures September 3 and 11; 7, average above; first week of September warmer than usual; very hot near 7, followed by severe storms and most rains of the month and more rain than average of this crop season.

2. Lowest temperatures near Sept. 2 and 9; average below; highest near 5 and 12; average below; average for first week of September cooler than usual; most severe storms and most rain during week centering on Sept. 4, and more than average rain of this crop season.

5. Lowest temperatures near Sept. 2 and 11; average about normal; highest near 7; average above; total average higher than usual; hot near 8; most severe storms and most rain following and near 7.

3. Lowest temperatures near Sept. 1 and 8; average about normal; highest near 6, unusually warm; total average above normal; most severe storms near and most rain following Sept. 5; more rain than average of this crop season.

8. Lowest temperatures near Aug. 29 and Sept. 6, average above; highest near Sept. 2; total temperatures above; most severe storms near, the most rain following 2; moisture near normal.

4. Lowest temperatures Sept. 2, highest 7; average above; most severe storms near and most rain of September following and near 7; these rains above average of this crop season.

7. Lowest temperatures near Aug. 28; highest near Sept. 2; average below normal; most severe storms near, most rain following 2; moisture about normal. The word normal means the average of many years for the dates mentioned.

September crop weather will be near the average of the past crop season. Frosts are expected in northern sections during week centering on Sept. 4.

General highest temperatures of September are expected during weeks centering on 6, 21 and 30; lowest, 1, 15 and 24. Most severe storms and most rain, 4.

TWO GREAT IRISH LEADERS DEAD.

Michael Collins and Arthur Griffith

This is the last photograph of Michael Collins and Arthur Griffith taken before their untimely deaths. Long "on the run" as Irish patriots, they finally went to London and agreed upon the Irish Free State, to which Eamonn de Valera entered armed opposition. Griffith died of pneumonia, contracted during long hours of work, while Collins, Commander-in-Chief of the Free State Army, was assassinated in an ambush by irregulars.

L. A. HOLLAR GIVES OUT PARTIAL LIST

EXPECT TO COMPLETE TEACHERS' ROSTER AT AN EARLY DATE.

County Superintendent L. A. Hollar gave out for publication today, a partial list of teachers for the incoming season. Owing to the fact that a number of recent contracts are still out it is not practical at this time to publish a complete list.

While a number of the county schools will open in September, some will not start before November 15. For this reason, it is pointed out by Mr. Hollar, the rural teachers are not necessarily required to attend the joint institute to be held at Wichita Falls September 4-8. The superintendent stated, however, that all county teachers will be required to attend the institute to be held in Vernon during the week just before Christmas.

The following is a partial list of the rural teachers engaged for next season:

Miss Robbie Lee, Antelope; Fred Ashley, Guyer; Miss Lena Carpenter, James; Miss Maud Carson, Guggisberg; Miss Minnie B. Clark, Ronda; Miss Verena Claer, Lockett; Miss Vera Cook, Red River; Raymond Cox Plainview; Edith Dockery, Crescent Cove; Mary Lockery, Crescent Cove; Mr. and Mrs. F. H. Elam, Elliott; Miss Byrdie Floyd, Paradise; Miss Sylvia Goodger, Thompson; W. E. Grimes, Hinds; Mrs. Nellie M. Harris, Farmers Valley; Miss Rose Hlavity, West Vernon; Miss Wilmoth Howard, Hinds; Miss Boda Huddleston, Midway; Mr. and Mrs. T. E. Pierce, Bourland; Mrs. Hassie Stringer, Antelope; Miss Mildred McArthur, Sherwood; Vivian Meredith, Jess. L. Miller, Farmers Valley; B. H. Moon, Antelope; Miss Emma Morrison, Red River; Mr. and Mrs. H. H. Nixon, Haney; E. H. Owen, Haulk Hill; Guy Paschal, Parsley; Miss Neeta Mae Parr, Sherwood; Mr. and Mrs. W. M. Phillips, Dickson Springs; Miss Hazel Pruett, Pleasant Valley; Mrs. J. C. Rea, Wells Chapel; Miss Maud Richards, Wildcat; Miss Minnie Roberts, Lockett; Miss Lois Roberts, Lockett; Mrs. Jewell Marsh Ross, Antelope; Mr. and Mrs. H. O. Smith, Tolbert; Mr. and Mrs. W. M. STORIES OF GREAT INDIANS

By Elmo Scott Watson

Copyright, 1922, Western Newspaper Union

SITTING BULL WHO WAS THE INDIAN SPHINX

WHEN historians have written the last word about the American Indian, they will be unable to agree in their estimate of Sitting Bull (Tatanka Yotanka) chief of the Hunkpapa Sioux. Perhaps no other Indian ever received so much notoriety; probably none ever deserved it less.

He was not a hereditary chief nor a great war leader. Some who knew him have called him a coward; others say he was brave enough but prudent. In the strictest sense he was not a medicine man, as he frequently has been called, although his personal "medicine" was strong. Who, then, and what was Sitting Bull? He was a keen judge of human nature and he was lucky in his prophecies, notably in predicting the destruction of General Custer. He was a great leader with some mysterious power over his people.

"Perhaps they saw personified in him the undying spirit of resistance to the white man. 'God Almighty made me an Indian. He didn't make me an agency Indian and I don't intend to be one,' he told General Miles in 1877. That was the keynote of his whole career. It resulted in his leading his people to Canada where they remained until 1881, when starvation forced him to return to the United States and surrender.

Sitting Bull had a grim sense of humor. Once a trader at Fort Buford gave him a red shirt with the suggestion that he wear it when he came for war. Sitting Bull accepted the garment with the remark that "right now would be a good time to put it on." He did so and when his band left the trading post they turned and fired a volley into the building.

The old chief had two wives, and when Bishop Marty tried to persuade him to divorce one, Sitting Bull replied: "The black gown is my friend and I will do this for him. I will put away both my wives and he will get me a white wife." The proposition was not accepted.

In the Sixties Sitting Bull had said: "The whites may get me at last, but I will have a good time until then."

He proved a true prophet in saying that. In an effort to quiet the ghost dance excitement, Indian police were sent on December 15, 1890, to arrest Sitting Bull. Some of the Hunkpapa resisted and in the melee that followed Sitting Bull was shot dead. Like King Philip and Pontiac he was killed by members of his own race, but as he foretold, the "whites got him at last."

MRS. KING ENTERTAINS FOR LITTLE SON

Mrs. Tom King entertained for her little son, Tom, Jr., Wednesday afternoon at her home on W. Paradise street. The occasion being the little lad's third birthday.

Games were played on the lawn and ice cream and cake were served. Twenty little guests were present.

Evening service begins at 8 o'clock. Prayer meeting next Wednesday at 8 p. m.

Please note that we now resume all our evening services.

The members of the church are urged to be present Sunday and everybody cordially invited to worship with us.

Central Christian Church

We could not start our auto race contest last Sunday and we will be glad to have all the members of the school and members of the church present at the Sunday school hour as we hope to start the contest next Sunday.

Sunday at 11 a. m. the subject will be "Travel Stains." The evening theme will be "The Complete Plan of Redemption," illustrated by a large chart. We cordially invite everyone to attend all these services.

LEWIS P. KOPP, Minister.

PRESBYTERIANS HAVE PICNIC WEDNESDAY EVENING

A crowd estimated at 250, including practically the entire membership of the Presbyterian church, together with their families and guests, enjoyed an old fashioned basket picnic at Allingham park from 6 to 9 o'clock Wednesday evening. An elaborate spread was prepared and arranged by the ladies of the church. Twenty gallons of ice cream was served.

Following the feast an interesting program, previously arranged by a committee, was staged on the park grounds. In the playlet which was the main feature of the program, the spectators formed the scenery, some impersonating trees and others imagining themselves clouds. A couple of young folks sat upon the rustic bench and announced "gathering nuts" as the title of the moving picture.

A school boy's version of the making of the flag was given and George Washington, Betsy Ross and the baby appeared on the stage, all declaring, "gee, it is fierce we ain't got no flag." Betsy sets to work to make the flag while George sits by holding the baby. The flag finished, it is displayed by Betsy and the audience arose and sang America. Other interesting features of the program were successfully carried out.

It was unanimously decided to make the event a regular semi-annual affair. The next one will probably be held in the early spring.

Cafe Changes Hands

Fred Holley this week sold his Little Lunch Room on north Main street to J. R. Harrison of Fargo. The new manager, J. C. Dozier, took charge Monday afternoon.

Mr. Harrison, who lives on the Piper farm near Doans, will move here about the first of the year. Mr. Holley has not stated his plans for the future.

QUITS ARMY POST FOR THE PULPIT

Col. Arthur P. S. Hyde

It is a far cry from command of an artillery brigade in the battle of St. Mihiel to the quiet of an Episcopal pulpit in California. Yet that is the march about to be completed by Colonel Arthur P. S. Hyde, U. S. Army veteran of three wars during his twenty-six years of service, who has just arrived in San Francisco from Fort Amador, Panama Canal Zone.

GIRLS' CLUBS TO CAN AT HARROLD AND OKLAHOMA

Miss Eula Goodfellow announces that as the gardens are nearly all burned up it may be necessary for the girls who intend entering the contest on canning at the county fair to buy their vegetables. In that case any vegetable may be canned.

Miss Goodfellow will assist the girls next Monday at Harrold and Tuesday at Oklahoma in getting ready for the canning contest.

"Each girl must bring four pounds of vegetables and ten cents with which to purchase the cans in which the vegetable is to be canned. The sewing necessary to complete the year's work has been finished but the members of the girls' clubs are behind with their canning, and this must be done before the display will be considered complete in any year's work. Club members must include 2 cans of tomatoes in their exhibits," said Miss Goodfellow.

FORMER ELLIOTT MAN GETS HIGHER POSITION WITH KATY

J. K. Ellis, claim agent for the Missouri, Kansas and Texas railway has just been appointed superintendent of special service for the entire Katy system, including the Kansas and Texas lines.

Mr. Ellis was raised in Wilbarger county, having attended school at Elliott fifteen years ago, it is stated. Ellis's headquarters will be in Dallas.

ROTARIANS SUGGEST ATHLETIC BUDGET

TO CONFER WITH LIONS CLUB—
WILL PLACE TOURISTS REGIS-
TER AT CAMP GROUND.

Placing of a tourists' register at the local camping grounds, and the raising of a budget for the purpose of financing the Vernon High School Athletic Club next season were the principal matters discussed by Rotarians at their regular weekly luncheon last Tuesday.

It was pointed out by those who suggested the tourists' register that many towns and cities located on the popular highways have adopted this plan of keeping a record of automobile tourists who annually pass through their gates. It was also brought out by one speaker that some of the Texas towns in which this plan has been adopted, have, as a matter of courtesy, forwarded letters to the visitors through their local commercial clubs.

A committee composed of Emory Rhoads, E. L. Dohoney and Luther Webb, was appointed to confer with the Lions' Club concerning the matter of raising a budget to finance the high school athletic club. Marshall Underwood, E. M. Haney and E. C. Christian compose a committee appointed for the purpose of placing a tourists' register at the camping ground.

Stokes Speaks

Judge W. N. Stokes, who has recently returned from a trip through West Texas and New Mexico, was the principal speaker. The Vernon lawyer told of many things he observed while on his trip through the west, which included a visit to Roswell, New Mexico, where, accompanied by several local citizens, the party spent a few days fishing in the mountain streams. Judge Stokes was one who suggested the idea of a tourists' register.

P. M. Bratten, president of P. M. Bratten & Co., of Fort Worth, distributing agents for the DeLoe lighting systems was the guest of Rotarian Ladd. Mr. Bratten made a brief and inspiring address on the principals of Rotary. The Rotary slogan, "He Who Serves Best Profits Most" embraces a great principle. It does not necessarily mean that one profits financially. The "real" profit comes in the reward for worthwhile service rendered." The speaker asserted.

T. M. Haney, another guest at the luncheon was introduced by his son, E. M. Haney, secretary of the club. Mr. Haney, who is an officer in the Texas Farm Bureau, stated that the organization he represented was going through a very critical period. He praised the Rotary club for the work it has done and the service it has rendered to Wilbarger county, and stated that such an organization could strengthen the morale of the farmers in this county who have joined the bureau, and later became lukewarm because some do not understand the purposes and objectives of the great movement.

"We have undertaken a great task," the speaker stated. "We are now going through a period of depression and this is a critical period for the farm bureau. We marketed 93,000 bales of cotton last season. The principal of marketing farm products as the demand accrues has been followed, and the past season proved successful."

ALL-STATES DRIVE IN \$250,000 DENVER CAMP

Denver, Oct. 28.—There's an All-States Avenue in Denver's \$250,000 free municipal camp grounds at Overland park over which every auto traveler in the United States has been asked to drive, register and camp awhile. It's the roll call avenue of the nation, and virtually every state was represented among the 5,000 campers present when Mayor Dewey C. Bailey turned the camp grounds over to the people of the United States. Donald E. Leslie of Washington, D. C., one of the campers, responded.

It was the first All-States Day conducted by the city of Denver and the Denver Tourist bureau as an expression of civic thanks to the 50,000 automobile campers who will have registered this summer in Overland. Government, state and county officials, and officials of the Denver Civic and Commercial association, joined in the welcome, while thousands of citizens shook hands and asked the travelers to come again.

Impressive scenes were perpetuated in motion pictures which will be sent broadcast this winter by the city of Denver for educational purposes, through the See Colorado First Film Tours Corporation. Records at Overland in the middle of August showed that 3,983 cars had been registered containing 24,049 motorists, a gain of 33.4 per cent over last year, and lacking only 9,965 of the total of the entire 1932 motorist registration.

SLEEVES FEATURE OF NEW FALL COATS

Early Fall showings of ladies' apparel by manufacturers give some insight into next season's styles.

All makers are stressing the new silhouette, which is essentially straight. This new silhouette is really a modification of the outline of recent seasons—a still further development of the straight line idea. The coats are large at the top and roomy through the shoulders but are straight from the waist down. They do not "taper in" as did the dolmans of several seasons ago. In other words, they are practical garments developed in an entirely new type.

Sleeves are still the important feature of the coats and wraps. The new sleeves are set in extremely deep armholes, some of them extending below the waist line. Voluminous cuffs in many fancy styles are liked, and the need of something warm and practical has not been overlooked for many of the cuffs are gathered rather snugly at the wrists to keep out wintry breezes.

With the simplicity of the straight lines of the rest of the coat, it looks as if the designers had given most of their attention to the sleeves. Sometimes tight bands of fur at the wrist merely accentuate the distending sleeves, which, in their size and shape are at once beautiful as well as ornamental.

There will be an immediate demand for the new "top coats" or "ulsters" which are made on swaggar lines of men's wear, heavy materials. These models are reproductions of real mannish overcoats. Double faced stuffs are very smart for street wear as well as for sports and motor coats. Mixtures and plain-faced cloths with plaid backs are made on these mannish lines with odd patch pockets, belts, and inverted as well as box plaits. Very often collars of some durable fur are added, making these coats suitable for wear all through the winter season. Breast pockets cut in sailor fashion are seen on many models. The average woman can wear this coat and its usefulness will instantly appeal to the fair sex.

For dressy coats the designers have combined wonderful furs with exquisite new weaves in cloths, and by following the new silhouette, have created coats that are by far more attractive than have yet been produced.

Suits

The suit is still favored by the well dressed woman as a component of her wardrobe.

No type of outer garment better exemplifies style than a well tailored, perfect-hanging suit.

There are three types of suits shown for the coming season—the Tailored Straight Line Suit, with or without a belt—the dressy suit, made in luxurious materials, fashioned into low waisted straight line and Balkan Blouse effects—and last, but not least, the Sports Suit in a variety of new weaves. Skirts will be longer—especially for the dressy types.

Library Chats

By Miss Lillian Newton.

Not every one can go to college, and even those who go cannot learn everything in a few short years.

The real work of education must be done by yourself—by reading.

Carlyle says that "the true university is a collection of books." The public library is the poor man's university. All great literature has an uplifting influence. Good books aid character building. They are an incentive to noble living. It is impossible to say what effect the reading of a small book may have on one's life. Therefore read good books.

FIRST PICTURE OF GOULD AND HIS WIFE.

This is the first photograph to arrive in America of George J. Gould and his bride, who are now honeymooning at Deauville, France. Mrs. Gould was known on the American stage as Miss Vera Sinclair, an Englishwoman. Gould married her only a few months after the sudden death of the first Mrs. Gould, who was Edith Kingdon, the actress.

REVIVAL MEETING COMMENCES SUNDAY

CONGREGATIONS OVER PLAINS
EXPECTED TO TAKE PART
IN WORK.

"Unusual" is the way O. M. Reynolds, pastor of the local Church of Christ, characterizes the coming revival of that church at the City Auditorium. The meeting starts on next Sunday, September 3rd, and will be a co-operative one, in which the congregations of Plainview, Hale Center, Abernathy, Bledsoe, Petersburg, Runningwater, Lubbock, Lockney, Kress and other towns will participate.

Lockney, having a membership of 500, has agreed to attend the service at the local church almost in full force. Singers of the Plainview church, under the direction of Rev. O. M. Reynolds, are training every night this week in order to have the new songs in the new book thoroughly mastered.

Thursday night the local church singers will go to Lockney for a drill with the singers of that church. A total of two hundred seventy-five song books have been bought for the meeting. Tillie S. Teddlie, singer and author, will direct the great congregational singing, and his work is reputed to be first class.

The preaching is to be done by one of the church's best young preachers, Foy E. Wallace, Jr., of Vernon. His preaching is said to be of high order, plain, pointed and powerful. It is the purpose of the church, the pastor and

the preacher to create a "general revival morally and spiritually." The citizenship of Plainview and this section is cordially invited to attend every service of the meeting. Rev. Reynolds said yesterday. There are to be three services next Sunday, the first day of the meeting, at 11 a. m., 2:30 and 8 p. m.—Plainview Herald.

Card of Thanks

I wish to express to the citizens of Wilbarger county, my sincere appreciation for the splendid support given me for public weigher in the recent runoff primary.

I hold no ill feeling towards any of those who did not support me in this election. I tried to make a clean and honest campaign and I deeply appreciate the support of those many citizens who saw fit to cast their ballot for me at the polls.

Respectfully,

M. L. WALKER.

Mrs. Randolph Is Dead.

Mrs. C. Randolph 85, died at the home of her daughter, Mrs. Stokes, in East Vernon Thursday afternoon after a brief illness caused from paralysis. Deceased had been making her home with her daughter here for one year. Rev. Milholland conducted the funeral services at the home and interment took place this afternoon at 4 o'clock in East View cemetery. She is survived by several children, who have arrived for the funeral.

SOMETHING MORE THAN A MATTER OF MONEY

Banking service is based on sound business principles; no bank can prosper except as its patrons prosper.

But in this bank we try to take a broader view of service than that; service that has been a dominant factor in this bank for so long that we look upon it as something more than a dollars and cents matter.

SCHOOL CHILDREN OF TEXAS TO ATTEND FAIR

Oct. 6 Their "Day" at State Fair of Texas—Guests of City and Fair

As has been the custom for the last several years, school children of Texas by the thousands, will attend the State Fair at Dallas this year, as guests of the Fair Association and the City of Dallas.

Oct. 6—opening day—is Children's Day this year, and while every child knows or will know about the annual celebration, a more formal invitation will be issued in ample time.

It has been the custom of the mayor and the president of the Fair, to extend the invitation in the form of an open letter to the pupils of all Texas schools, sent them through their principals and teachers. Such a letter will be issued again this year, and it is the expressed hope of State Fair directors that embryo Texans will be present in the largest numbers ever known.

Plans for entertainment of the youngsters are already under way and there will be no dearth of fun, frolic and amusement for all of them. Each child will be admitted to the Fair grounds at the main gates, free on Oct. 6, and also to the Coliseum and grandstand for the afternoon of that day.

Boy Scouts will also be present in number and will carry out an interesting program of exercises before the grand stand. These exercises will consist of Scout drills, singing, wall scaling and the like. First mailing by semaphore, bridge building, class Scouts will also aid in policing the grounds on Children's Day, and in taking care of the smaller youngsters.

STATE FAIR RADIO SHOW TO BE IN EXHIBIT BUILDING

Space has been assigned in the main exhibit building at the State Fair of Texas, for the radio show to be given during the progress of the Fair, Oct. 6-15.

In connection with the broadcasting station to be operated at the Fair grounds and in connection with the radio show, steel towers will be erected on the plaza in front of the exhibit building.

It is declared the utmost interest is being manifested by people interested in radio and that the exhibition of the latest appliances will be most complete and highly instructive.

ONE PEN TO EXHIBITOR POULTRY SHOW RULIN'

Announcement has been made by officials of the Poultry Department, State Fair of Texas, that the rule of only one pen to an exhibitor in the egg-laying contest will be invoked this year. The poultry show at the Fair opens with the annual exposition, on Oct. 6 and continues through Oct. 15 inclusive. Entries for the poultry show and egg-laying contest close Sept. 25.

Open Column

To the Patrons of the Public Schools.
School will open Monday, September 11th.

In order to answer the various questions that have been asked, I am making this announcement:

All grades from first to seventh inclusive will be taught in each of the three ward buildings.

Children belonging to these grades who live east of North Main street and north of East Wilbarger will attend the Parker school. Those west of Main street and north of West Paradise street will attend the Shive school. All other children in the grades will attend the Central school. This announcement is subject to change if conditions require it.

All children above the seventh grade will attend the high school.

Parents of high school children are requested to advise with their children regarding elective studies. I am giving a list of required and elective subjects for each year in the high school:

Eighth grade—Required: Algebra, English, History; Elective: Latin, Science, Domestic Art, Mechanical Drawing.

Ninth grade—Required: Algebra, En-

glish, History; Elective: Latin, Science, Manual Training, Domestic Art.

Tenth grade—Required: Plane Geometry, English Literature; Elective: History, Science, Latin, Spanish, Book-keeping, Domestic Art, Manual Training, Public Speaking.

Eleventh grade—Required: American History, American Literature; Elective: Science, Mathematics, Stenography and Typewriting, Latin, Spanish, Domestic Art, Manual Training, Public Speaking.

Pupils expecting to attend college after finishing high school should understand that most first class colleges require two years' high school work in a foreign language.

Parents are urged to send their children to school the first day. The child that enters school a week or a month late is at a disadvantage. Start at the beginning—be punctual and regular in attendance. Work without ceasing and we will make this the best year in the history of the schools.

Respectfully,
E. L. DOHONEY, Supt.

Will You Help the Democratic Party to Win This Campaign?

If so the most helpful thing you can do now is to contribute to the Democratic Educational Campaign Fund so that the Educational work of the Democratic National Committee can be carried out as planned.

The Democratic National Committee Needs Money
And Needs It NOW.

For the purpose of getting the record of failure of this Republican Do-Nothing Congress and Do-Nothing Administration before the people, and to show them again the road to Democratic Prosperity, which they traveled for eight years of Democratic rule.

Send Your Contribution Today to the Record

The Democratic National Committee has arranged with the publisher of The Vernon Record to receive and receipt for contributions. A duplicate receipt will be mailed from Democratic National Headquarters.

Give What You Can Afford—Much or Little—But
Give It Now

The Democratic Party has no privileged classes, no protected profiteers, no trusts or moneybunds to appeal to. It represents only the people, therefore it appeals only to them.

This is a Democratic Year. Do your share to help win the Victory.

Democratic Prosperity vs. Republican Disaster

The estimated wealth of the United States when President Wilson went into office in 1913 was \$185,000,000,000; it increased to \$300,000,000,000 in eight years of Democratic rule—a gain of \$115,000,000,000. The present estimated wealth of the United States is \$225,000,000,000—a loss of \$75,000,000,000 in fifteen months under Republican rule.

Since the Republican party was voted into power in November, 1920, the American farmers alone have suffered a loss of near \$30,000,000,000.

Some Republican Broken Promises

The Republicans promised the country PROSPERITY; they have given it ADVERSITY.

They promised to stimulate agriculture and business; they have given an industrial panic and destroyed our foreign markets. Foreign trade declined from \$13,500,000,000 in 1920 to near \$6,000,000,000 in 1922.

They promised to reduce taxes; they have shifted taxes of the multi-millionaire and profiteering class to the smaller taxpayers without lifting taxes or reducing them. Repeal of the Excess Profits tax relieved the Big Interests of paying \$450,000,000 in taxes; reduction of the higher surtax relieved them of paying \$61,500,000.

They promised to reduce the high cost of living; they have given a Profiteers' tariff bill which increases the high cost of living, and makes the farmer pay \$5 on everything he buys for each \$1 of "protection" he gets.

They promised to reduce the expenses of the government; they have increased the expenses of running the various departments of the government (1923 budget, three years after the war \$536,000,000 compared to 1915, three years before the war, with an estimated deficit of \$500,000,000 in addition—or \$1,000,000,000 increase.

SUES WOMAN WHO OFFERED TO BUY HUSBAND.

Mrs. Edith Spreckels Wakefield.

Mrs. Rodney Kendrick, wife of a San Francisco newspaper artist, has filed suit for \$25,000 against Mrs. Edith Huntington Spreckels Wakefield, charging alienation of affections in one of the queerest love snarls on record. Mrs. Wakefield, first and divorced wife of the late John D. Spreckels, Jr., California multi-millionaire, though married now to Frank Wakefield, whom she is suing for divorce, went to Mrs. Kendrick and offered her \$100 a month for life if she would divorce Kendrick and permit him to become her third husband. All three admit the offer. Mrs. Kendrick, in addition to her suit against Mrs. Wakefield, will sue for divorce, while John D. Spreckels, Sr. will file suit to gain control of his three grandchildren, the oldest of whom is nineteen. He will also try to have set aside the \$80,000 bequest in his son's will to Mrs. Wakefield. Mrs. Wakefield is thirty-nine and good looking. Mrs. Kendrick is twenty-four and suffering from tuberculosis. Kendrick is thirty-nine. Mrs. Wakefield must not be confused with Mrs. John D. Spreckels, Jr., second wife of the millionaire, who was Miss Sidi Wirt. Mrs. Wakefield is a grandniece of the late Collis P. Huntington, from whom she inherited millions.

A SUGGESTED PROGRAM FOR
WILBARGER COUNTY

- 1.—THE LEE HIGHWAY.
- 2.—THE BEST EQUIPPED CAMP
GROUND IN WEST TEXAS.
- 3.—COUNTY-CITY AUDITORIUM.
- 4.—PUREBRED LIVE STOCK ON
EVERY FARM.
- 5.—\$2,000,000 ANNUAL POULTRY
CROP.
- 6.—ANNUAL COUNTY FAIR.
- 7.—A SYSTEMATIC DEVELOP-
MENT OF TREES ACROSS THE
COUNTY ON BOTH SIDES OF THE
COLORADO-TO-GULF HIGHWAY.

TRIPS TO THE FAIR

It is doubtful whether money could be placed to better advantage or spent for a more noble purpose than the expense the local bankers, Wilbarger County fair association and the County Live Stock Association have assumed by agreeing to send ambitious boys and girls to the State Fair at Dallas.

The past few years has wrought such a decided and radical change in the matters of domestic science, live stock raising and education in Texas, that one is warranted in asserting that the coming generation bids fair to almost completely revolutionize the affairs of this state, insofar as rural life is concerned.

It will be remembered that not many years ago the Texas longhorn steer dominated that vast region of the west known as the cattle range. Although he was a thrifty individual, it was considered a rare occasion when the cowboy of those days could boast of shipping a straight car of 800 pound steers, the average being probably less than 600. Today carload shipments of white face steers weighing 1200 to 1500 is a common occurrence among purchased cattle raisers in this same territory.

This marvelous improvement in the live stock business is principally due to the progressive and wide-awake citizenship which has endured the hardships, braved the droughts, fought back many difficulties and carved out a great empire in an otherwise valueless country.

Along with the development of better livestock, although not given the attention that live stock has received, poultry and its importance as a revenue bearer has commanded the attention of many townspeople as well as farmers. The extension department of the A. & M. College, having for its purpose the improvement of live stock, poultry and the teaching of domestic science to the children of the rural and urban districts, has played an important role in the development of this country.

Through their various clubs and the tireless efforts of the home demonstration and county agents, many youngsters of Wilbarger county have become deeply interested in those practical and worthwhile things, which are calculated to mean much to them in later years.

These trips to the state fair will give the boys and girls a chance to gain first hand information, the benefits of which cannot be estimated.

DEMOLAY

As wonderful as the story of Jack and the Beanstalk, as entertaining as the tales of the Arabian Nights, is the history of the Order of DeMolay. Almost over night it grew from a local club into a great national organization of over one hundred thousand

members, with members in every state in the union.

Whether you be the father of an American boy, an American girl or just a plain American citizen, you will be interested in the story of the remarkable organization.

"After seven centuries," says the St. Louis Times in a full page editorial, "the unconquerable spirit of Jacques de Molay still lives and in the members of this order it burns with undimmed brightness—a flame of moral chivalry which prompts its members to be ever ready to defend the weak, the helpless and the oppressed, a creed well worthy of dissemination to the world and adoption by all. Founded upon the basic principles of religion and good citizenship, DeMolay cannot but prosper and surpass even its present remarkable proportions. The splendid accomplishments of its first two years' existence is prophetic of the greater good that will become the legacy of future generations."

Compulsory School Attendance

Notice is hereby given that the period of compulsory attendance in the public schools of Vernon Independent District is to begin the first Monday in January, 1923, and continue for one hundred consecutive school days.

E. L. DOHONEY,

Superintendent Vernon Public Schools.

Foster's Bulletin.

Washington, August 26.—An error occurred early part of this year. Relative positions of the ten principal bodies of the solar system causes the droughts and floods on all parts of the earth. These call for a drought in northern half of South America for May to October, inclusive 1922, and excessive rains at same time, in south half of that continent. By mistake I used Argentina instead of Northern South America. Official reports say that harvests of European countries are short of last year; Greece 20 per cent; Italy 28; Germany, 20; northern Africa, 30; Japan and parts of southern China, 30. Other countries within 500 miles of Mediterranean sea, about average shortage of the five countries given. This makes good the long in advance forecast. That great European drought will continue to end of October at which time the disastrous drought in Australia will begin and South American present conditions will end. The general conditions in North America will continue good for sowing winter grain but that does not indicate what the harvests of 1923 will be.

Local Forecasts.—With this issue I begin improved local forecasts for smaller sections, and will use the 8 sections of my sectional map. This map will be mailed free on receipt of postage. Most of my readers have this map.

Section 1:—Lowest temperatures near August 31, September 7, average cooler than usual; highest near September 4 and 10, average cooler than usual; total temperature lower than usual. Week ending Sept. 7, most severe storms, most rains of September and more rain for average of this crop season.

2. Lowest temperatures near Sept. 2 and 9; average below; highest near 5 and 12; average below; average for first week of September cooler than usual; most severe storms and most rain during week centering on Sept. 4, and more than average rain of this crop season.

3. Lowest temperatures near Sept. 2 and 11; average about normal; highest near 7; average above; total average higher than usual; hot near 8; most severe storms and most rain following and near 7.

4. Lowest temperatures near Sept. 1 and 8; average about normal; highest near 5, unusually warm; total average above normal; most severe storms near and most rain following Sept. 5; more rain than average of this crop season.

5. Lowest temperatures near Aug. 29 and Sept. 6, average above; highest near Sept. 2; total temperatures above; most severe storms near, the most rain following 2; moisture near normal.

6. Lowest temperatures Sept. 2, highest 7; average above; most severe storms near and most rain of September following and near 7; these rains above average of this crop season.

7. Lowest temperatures near Aug. 28; highest near Sept. 2; average below normal; most severe storms near, most rain following 2; moisture about normal. The word normal means the average of many years for the dates mentioned.

September crop weather will be near the average of the past crop season. Frosts are expected in northern sections during week centering on Sept. 4. General highest temperatures of September are expected during weeks centering on 6, 21 and 30; lowest, 1, 13 and 24. Most severe storms and most rain, 4.

TWO GREAT IRISH LEADERS DEAD.

Michael Collins and Arthur Griffith

This is the last photograph of Michael Collins and Arthur Griffith taken before their untimely deaths. Long "on the run" as Irish patriots, they finally went to London and agreed upon the Irish Free State, to which Eamonn de Valera entered armed opposition. Griffith died of pneumonia, contracted during long hours of work, while Collins, Commander-in-chief of the Free State Army, was assassinated in an ambush by irregulars.

L. A. HOLLAR GIVES
OUT PARTIAL LISTEXPECT TO COMPLETE TEACHERS'
ROSTER AT AN EARLY
DATE.

County Superintendent L. A. Hollar gave out for publication today, a partial list of teachers for the incoming season. Owing to the fact that a number of recent contracts are still out it is not practical at this time to publish a complete list.

While a number of the county schools will open in September, some will not start before November 15. For this reason, it is pointed out by Mr. Hollar, the rural teachers are not necessarily required to attend the joint institute to be held at Wichita Falls September 4-8. The superintendent stated, however, that all county teachers will be required to attend the institute to be held in Vernon during the week just before Christmas.

The following is a partial list of the rural teachers engaged for next season:

Miss Robbie Lee, Antelope; Fred Ashley, Guyer; Miss Lena Carpenter, James; Miss Maud Carson, Guggisberg; Miss Minnie B. Clark, Ronda; Miss Verena Cline, Lockett; Miss Vera Cook, Red River; Raymond Cox Plain view; Elbin Dockery, Crescent Cove; Mary Lockery, Crescent Cove; Mr. and Mrs. F. H. Elam, Elliott; Miss Byrdie Floyd, Paradise; Miss Sylvia Goodger, Thompson; W. E. Grimes, Hinds; Mrs. Nellie M. Harris, Farmers Valley; Miss Rose Hlavaty, West Vernon; Miss Wilmoth Howard, Hinds; Miss Boda Huddleston, Midway; Mr. and Mrs. T. E. Pierce, Bourland; Mrs. Hassie Stringer, Antelope; Miss Mildred McLarty, Sherwood; Vivian Meredith, Jess L. Miller, Farmers Valley; B. H. Moon, Antelope; Miss Emma Morrison, Red River; Mr. and Mrs. H. H. Nixon, Haney; E. H. Owen, Hank Hill; Guy Paschal, Parsley; Miss Neeta Mae Parr, Sherwood; Mr. and Mrs. W. M. Phillips, Dickson Springs; Miss Hazel Pruett, Pleasant Valley; Mrs. J. C. Rea, Wells Chapel; Miss Maud Richards, Wildcat; Miss Minnie Roberts, Lockett; Miss Lois Roberts, Lockett; Mrs. Jewell Marsh Ross, Antelope; Mr. and Mrs. H. O. Smith, Tolbert; Mr. and Mrs. W. M. Snodgrass, West Vernon; Mr.

COUNT OR NO COUNT
SHE LOVES HIM

Miss H. Len Nelson, Union Hill, (N. Y.) school teacher, married Edward de Jimenez, who said he was a Spanish count, but who had gladly renounced his title and allegiance to the King of Spain to become a plain American citizen and act as a floor walker in a New York Department store at \$45 a week. Some "one" cast doubt upon the Count's title, whereupon both he and his wife declared it didn't matter—he was an American citizen, not a Count, and, besides, "love was the only thing that counted with them."

MRS. KING ENTERTAINS
FOR LITTLE SON

Mrs. Tom King entertained for her little son, Tom, Jr., Wednesday afternoon at her home on W. Paradise street. The occasion being the little lad's third birthday.

Games were played on the lawn and ice cream and cake were served. Twenty little guests were present.

At The Churches

Presbyterian Church
Combined Sunday school and preaching services beginning at 10 a. m. This feature of our worship is growing in popularity. You must come by 10:40 to get the benefit of the sermon.

Evening service begins at 8 o'clock. Prayer meeting next Wednesday at 8 p. m.

Please note that we now resume all our evening services.

The members of the church are urged to be present Sunday and everybody cordially invited to worship with us.

Central Christian Church

We could not start our auto race contest last Sunday and we will be glad to have all the members of the school and members of the church present at the Sunday school hour as we hope to start the contest next Sunday.

Sunday at 11 a. m. the subject will be "Travel Stains." The evening theme will be "The Complete Plan of Redemption," illustrated by a large chart. We cordially invite everyone to attend all these services.

LEWIS P. KOPP, Minister.

PRESBYTERIANS HAVE
PICNIC WEDNESDAY EVENING

A crowd estimated at 250, including practically the entire membership of the Presbyterian church, together with their families and guests, enjoyed an old fashioned basket picnic at Allingham park from 6 to 9 o'clock Wednesday evening. An elaborate spread was prepared and arranged by the ladies of the church. Twenty gallons of ice cream was served.

Following the feast an interesting program, previously arranged by a committee, was staged on the park grounds. In the playlet which was the main feature of the program, the spectators formed the scenery, some impersonating trees and others imagining themselves clouds. A couple of young folks sat upon the rustic bench and announced "gathering nuts" as the title of the moving picture.

A school boy's version of the making of the flag was given and George Washington, Betsy Ross and the baby appeared on the stage, all declaring, "see, it is fierce we ain't got no flag." Betsy sets to work to make the flag while George sits by holding the baby. The flag finished, it is displayed by Betsy and the audience arose and sang America. Other interesting features of the program were successfully carried out.

It was unanimously decided to make the event a regular semi-annual affair. The next one will probably be held in the early spring.

Cafe Changes Hands

Fred Holley this week sold his Little Lunch Room on north Main street to J. R. Harrison of Fargo. The new manager, J. C. Dozier, took charge Monday afternoon.

Mr. Harrison, who lives on the Piper farm near Doans, will move here about the first of the year. Mr. Holley has not stated his plans for the future.

QUITS ARMY POST
FOR THE PULPIT

Col. Arthur P. S. Hyde

It is a far cry from command of an artillery brigade in the battle of St. Mihiel to the quiet of an Episcopalian pulpit in California. Yet that is the march about to be completed by Colonel Arthur P. S. Hyde, U. S. Army veteran of three wars during his twenty-six years of service, who has just arrived in San Francisco from Fort Amador, Panama Canal Zone.

GIRLS' CLUBS TO CAN AT
HARROLD AND OKLAHOMA

Miss Eula Goodfellow announces that as the gardens are nearly all burned up it may be necessary for the girls who intend entering the contest on canning at the county fair to buy their vegetables. In that case any vegetable may be canned.

Miss Goodfellow will assist the girls next Monday at Harrold and Tuesday at Oklahoma in getting ready for the canning contest.

"Each girl must bring four pounds of vegetables and ten cents with which to purchase the cans in which the vegetable is to be canned. The sewing necessary to complete the year's work has been finished but the members of the girls' clubs are behind with their canning, and this must be done before the display will be considered complete in any year's work. Club members must include 2 cans of tomatoes in their exhibits," said Miss Goodfellow.

FORMER ELLIOTT MAN GETS
HIGHER POSITION WITH KATY

J. K. Ellis, claim agent for the Missouri, Kansas and Texas railway has just been appointed superintendent of special service for the entire Katy system, including the Kansas and Texas lines.

Mr. Ellis was raised in Wilbarger county, having attended school at Elliott fifteen years ago, it is stated. Ellis's headquarters will be in Dallas.

ODELL

By Special Correspondent.

Odell, September 1.—Mr. and Mrs. W. P. Starr and daughter, Gina, have returned from Mountain Park, Okla., where they spent a few days outing.

The Odell school will open Monday, September 4th. A large attendance is expected. The teachers are as follows: O. G. Lanier, superintendent; Mrs. Dollie Williams, principal; Miss Madge Pepp, 6th and 7th grades; Miss Vera Switzer, 4th and 5th grades; Miss Elizabeth Blackberry, 2nd and 3rd grades; Miss Louise Baird, primary.

Dr. A. C. Daniel and family returned from a trip to the Rio Grande valley.

W. W. Riddle, wife and daughters, Jewell and Ruby, are visiting in Lawton, Okla.

Dewey Marsh and Miss Augusta Castleberry were united in marriage Sunday night, August 27, by Rev. F. D. Pearson at the Baptist church. Miss Castleberry has many friends in and near Odell, as she has taught music here for the past year. Mr. Marsh is employed by the Bank of Odell. He has lived in Odell several years and graduated from the Odell high school in 1919. Everyone wishes them a long and happy marriage.

W. W. Mathews and family visited in Oklahoma the past week.

REVIVAL CLOSES HERE TONIGHT

FOY E. WALLACE WILL CLOSE CHURCH OF CHRIST MEETING AND GO TO PLAINVIEW.

Tonight will mark the close of a thirteen days' revival held at the tabernacle of the local Church of Christ. In many respects, this meeting, which was conducted by Foy E. Wallace and Tillet S. Teddlie will have been one of the best attended and most successful evangelistic campaigns ever held in Wilbarger by this denomination. Sixty additions, including forty-one baptisms were recorded during the meeting.

Large Audiences

Unusually large audiences characterized both the day time and evening services. The morning audiences averaged about 250, while the evening crowds were much larger, it being estimated that over 1,200 people were present in the tabernacle last Sunday night.

Members of the church and others from all parts of the county and Elberta attended the meeting regularly. Mr. Wallace and Mr. Teddlie will leave for Plainview tomorrow where a ten days' meeting is scheduled to begin Sunday.

The minister's subject tonight will be "Instrumental Music—Is it Scriptural?"

Thomas E. Milholland, minister of the local church, will continue his regular work here. He will preach at the tabernacle Sunday at 11 a. m. and 8 p. m.

MOTHER FINDS SON AFTER 58 YEARS.

Mrs. Mary Roper and Joseph Roper

Fifty-eight years ago Mrs. Mary Roper, of Little Blue, Mo., and her husband separated, and he took away their children—Joseph, four, and his brother, Charles, one. After the desertion Mrs. Roper went to London to work for seven years. Then she returned to America, all the time searching for her sons. Finally she made her home at Little Blue. Lately Joseph Roper heard there was a Mrs. Roper searching for her sons, and he learned she was his mother. After the reunion Mrs. Roper learned the younger son is somewhere in Ohio. Her husband was a veteran of the Civil War, and she believes there is \$10,000 back pension coming to her.

THE SPEARMAN FARM LANDS.

located in Terry, Gaines and Yukon Counties, South Plains of the Panhandle, Texas, are now being offered at prices and terms, which will enable any industrious farmer to buy and pay for a farm with less money than pay rent. Productive lands, a fine climate, abundance of good pure water, and a country in which one man raises more cotton, more corn and more sweet potatoes and other farm products, than a whole family can gather. No insect pests. We make landowners out of our customers instead of renters. Farmers who are anxious to own their own farms, are invited to come to Spearman, inspect our farm lands, look at the crops and talk to the men who raise them.

A card to W. A. Sokelle, General Agent, 22 Santa Fe Building, Spearman, Texas, will bring you a descriptive pamphlet, giving detailed information about these lands and plan of purchase.

ROTARIANS SUGGEST ATHLETIC BUDGET

TO CONFER WITH LIONS CLUB—
WILL PLACE TOURISTS REGIS-
TER AT CAMP GROUND.

Placing of a tourists' register at the local camping grounds, and the raising of a budget for the purpose of financing the Vernon High School Athletic Club next season were the principal matters discussed by Rotarians at their regular weekly luncheon last Tuesday.

It was pointed out by those who suggested the tourists' register that many towns and cities located on the popular highways have adopted this plan of keeping a record of automobile tourists who annually pass through their gates. It was also brought out by one speaker that some of the Texas towns in which this plan has been adopted, have, as a matter of courtesy, forwarded letters to the visitors through their local commercial clubs.

A committee composed of Emory Rhoads, E. L. Dooney and Luther Webb, was appointed to confer with the Lions' Club concerning the matter of raising a budget to finance the high school athletic club. Marshall Underwood, E. M. Haney and E. C. Christian compose a committee appointed for the purpose of placing a tourists' register at the camping ground.

Stokes Speaks

Judge W. N. Stokes, who has recently returned from a trip through west Texas and New Mexico, was the principal speaker. The Vernon lawyer told of many things he observed while on his trip through the west, which included a visit to Roswell, New Mexico, where, accompanied by several local citizens, the party spent a few days fishing in the mountain streams. Judge Stokes was one who suggested the idea of a tourists' register.

P. M. Bratten, president of P. M. Bratten & Co., of Fort Worth, distributing agents for the Deico lighting systems was the guest of Rotarian Ladd. Mr. Bratten made a brief and inspiring address on the principals of Rotary. The Rotary slogan, "He Who Serves Best Profits Most" embraces a great principle. It does not necessarily mean that one profits financially. The real profit comes in the reward for worthwhile service rendered. The speaker asserted.

T. M. Haney, another guest at the luncheon was introduced by his son, E. M. Haney, secretary of the club. Mr. Haney, who is an officer in the Texas Farm Bureau, stated that the organization he represented was going through a very critical period. He praised the Rotary club for the work it has done and the service it has rendered to Wilbarger county, and stated that such an organization could, through its influence, do much to strengthen the morale of the farmers in this county who have joined the bureau, and later became lukewarm because some do not understand the purposes and objectives of the great movement.

"We have undertaken a great task," the speaker stated. "We are now going through a period of depression and this is a critical period for the farm bureau. We marketed 93,000 bales of cotton last season. The principal of marketing farm products and the demand accrues has been followed, and the past season proved successful."

ALL-STATES DRIVE IN \$250,000 DENVER CAMP

Denver, Oct. 28.—There's an All-States Avenue in Denver's \$250,000 free municipal camp grounds at Overland park over which every auto traveler in the United States has been asked to drive, register and camp awhile. It's the roll call avenue of the nation, and virtually every state was represented among the 5,000 campers present when Mayor Dewey C. Bailey turned the camp grounds over to the people of the United States. Donald E. Leslie of Washington, D. C., one of the campers, responded.

It was the first All-States Day conducted by the city of Denver and the Denver Tourist bureau as an expression of civic thanks to the 50,000 automobile campers who will have registered this summer in Overland. Government, state and county officials, and officials of the Denver Civic and Commercial association, joined in the welcome, while thousands of citizens shook hands and asked the travelers to come again.

Impressive scenes were perpetuated in motion pictures which will be sent broadcast this winter by the city of Denver for educational purposes, through the See Colorado First Film Tours Corporation. Records at Overland in the middle of August showed that 5,983 cars had been registered containing 24,949 motorists, a gain of 12.1 per cent over last year, and backing only 9,905 of the total of the entire 1921 motorist registration.

SLEEVES FEATURE OF NEW FALL COATS

Early Fall showings of ladies' apparel by manufacturers give some insight into next season's styles.

All makers are stressing the new silhouette, which is essentially straight. This new silhouette is really a modification of the outline of recent seasons—a still further development of the straight line idea. The coats are large at the top and roomy through the shoulders but are straight from the waist down. They do not "taper in" as did the dolmans of several seasons ago. In other words, they are practical garments developed in an entirely new type.

Sleeves are still the important feature of the coats and wraps. The new sleeves are set in extremely deep armholes, some of them extending below the waist line. Voluminous cuffs in many fancy styles are liked, and the need of something warm and practical has not been overlooked for many of the cuffs are gathered rather snugly at the wrists to keep out wintry breezes.

With the simplicity of the straight lines of the rest of the coat, it looks as if the designers had given most of their attention to the sleeves. Sometimes tight bands of fur at the wrist merely accentuate the distending sleeves, which, in their size and shape are at once beautiful as well as ornamental.

There will be an immediate demand for the new "top coats" or "ulsters" which are made on swaggar lines of men's wear, heavy materials. These models are reproductions of real manish overcoats. Double-faced stuffs are very smart for street wear as well as for sports and motor coats. Mixtures and plain-faced cloths with plaid backs are made on these manish lines with odd patch pockets, belts, and inverted as well as box plaits. Very often collars of some durable fur are added, making these coats suitable for wear all through the winter season. Breast pockets cut in sailor fashion are seen on many models. The average woman can wear this coat and its usefulness will instantly appeal to the fair sex.

For dressy coats the designers have combined wonderful furs with exquisite new weaves in cloths, and by following the new silhouette, have created coats that are by far more attractive than have yet been produced.

Suits

The suit is still favored by the well-dressed woman as a component of her wardrobe. No type of outer garment better exemplifies style than a well-tailored, perfect-hanging suit.

There are three types of suits shown for the coming season—the Tailored Straight Line Suit, with or without a belt—the dressy suit, made in luxurious materials, fashioned into low waisted straight line and Balkan Blouse effects—and last, but not least, the Sports Suit in a variety of new weaves. Skirts will be longer—especially for the dressy types.

Library Chats

By Miss Lillian Newton.
Not every one can go to college, and even those who go cannot learn everything in a few short years.

The real work of education must be done by yourself—by reading.

Carlisle says that "the true university is a collection of books." The public library is the poor man's university. All great literature has an uplifting influence. Good books aid character building. They are an incentive to noble living. It is impossible to say what effect the reading of a small book may have on one's life. Therefore read good books.

REVIVAL MEETING COMMENCES SUNDAY

CONGREGATIONS OVER PLAINS
EXPECTED TO TAKE PART
IN WORK.

"Unusual" is the way O. M. Reynolds, pastor of the local Church of Christ, characterizes the coming revival of that church at the City Auditorium. The meeting starts on next Sunday, September 3rd, and will be a co-operative one, in which the congregations of Plainview, Hale Center, Abernathy, Bledsoe, Petersburg, Runningwater, Lubbock, Lockney, Kress and other towns will participate.

Lockney, having a membership of 500, has agreed to attend the service at the local church almost in full force. Singers of the Plainview church, under the direction of Rev. O. M. Reynolds, are training every night this week in order to have the new songs in the new book thoroughly mastered.

Thursday night the local church singers will go to Lockney for a drill with the singers of that church. A total of two hundred seventy-five song books have been bought for the meeting. Thelma S. Teddlie, singer and author, will direct the great congregational singing, and his work is reputed to be first class.

The preaching is to be done by one of the church's best young preachers, Foy E. Wallace, Jr., of Vernon. His preaching is said to be of high order, plain, pointed and powerful. It is the purpose of the church, the pastor and

the preacher to create a "general revival morally and spiritually." The citizenship of Plainview and this section is cordially invited to attend every service of the meeting. Rev. Reynolds said yesterday, "There are to be three services next Sunday, the first day of the meeting, at 11 a. m., 2:30 and 8 p. m.—Plainview Herald.

Card of Thanks

I wish to express to the citizens of Wilbarger county, my sincere appreciation for the splendid support given me for public weigher in the recent run-off primary.

I hold no ill feeling towards any of those who did not support me in this election. I tried to make a clean and honest campaign and I deeply appreciate the support of those many citizens who saw fit to cast their ballot for me at the polls.

Respectfully,
M. L. WALKER.

Mrs. Randolph Is Dead.

Mrs. C. Randolph 83, died at the home of her daughter, Mrs. Stokes, in East Vernon Thursday afternoon after a brief illness caused from paralysis. Deceased had been making her home with her daughter here for one year. Rev. SCHOOL CHILDREN OF TEXAS TO ATTEND FAIR

Oct. 6 Their "Day" at State Fair 99
Texas—Guests of City
and Fair

As has been the custom for the last several years, school children of Texas by the thousands, will attend the State Fair at Dallas this year, as guests of the Fair Association and the City of Dallas.

Oct. 6—opening day—is Children's Day this year, and while every child knows or will know about the annual celebration, a more formal invitation will be issued in ample time.

It has been the custom of the mayor and the president of the Fair, to extend the invitation in the form of an open letter to the pupils of all Texas schools, sent them through their principals and teachers. Such a letter will be issued again this year, and it is the expressed hope of State Fair directors that embryo Texans will be present in the largest numbers ever known.

Plans for entertainment of the youngsters are already under way and there will be no dearth of fun, frolics and amusement for all of them. Each child will be admitted to the Fair grounds at the main gates, free on Oct. 6, and also to the Coliseum and grandstand for the afternoon of that day.

Boy Scouts will also be present in number and will carry out an interesting program of exercises before the grand stand. These exercises will consist of Scout drills, singing, wall scaling and the like. First nailing by semaphore, bridge building, class Scouts will also aid in policing the grounds on Children's Day, and in taking care of the smaller youngsters.

STATE FAIR RADIO SHOW TO BE IN EXHIBIT BUILDING

Space has been assigned in the main exhibit building at the State Fair of Texas, for the radio show to be given during the progress of the Fair, Oct. 6-15.

In connection with the broadcasting station to be operated at the Fair grounds and in connection with the radio show, steel towers will be erected on the plaza in front of the exhibit building.

It is declared the utmost interest is being manifested by people interested in radio and that the exhibition of the latest appliances will be most complete and highly instructive.

ONE PEN TO EXHIBITOR POULTRY SHOW RULIN'

Announcement has been made by officials of the Poultry Department, State Fair of Texas, that the rule of only one pen to an exhibitor in the egg-laying contest will be invoked this year. The poultry show at the Fair opens with the annual exhibition, on Oct. 6 and continues through Oct. 15 inclusive. Entries for the poultry show and egg-laying contest close Sept. 25.

Open Column

To the Patrons of the Public Schools:
School will open Monday, September 11th.

In order to answer the various questions that have been asked, I am making this announcement:

All grades from first to seventh inclusive will be taught in each of the three ward buildings.

Children belonging to these grades who live east of North Main street and north of East Wilbarger will attend the Parker school. Those west of Main street and north of West Paradise street will attend the Shive school. All other children in the grades will attend the Central school. This announcement is subject to change if conditions require it.

All children above the seventh grade will attend the high school.

Parents of high school children are requested to advise with their children regarding elective studies. I am giving a list of required and elective subjects for each year in the high school:

Eighth grade—Required: Algebra, English, History; Elective: Latin, Science, Domestic Art, Mechanical Drawing.

Ninth grade—Required: Algebra, En-

glish, History; Elective: Latin, Science, Manual Training, Domestic Art.

Tenth grade—Required: Plane Geometry, English Literature; Elective: History, Science, Latin, Spanish, Bookkeeping, Domestic Art, Manual Training, Public Speaking.

Eleventh grade—Required: American History, American Literature; Elective: Science, Mathematics, Stenography and Typewriting, Latin, Spanish, Domestic Art, Manual Training, Public Speaking.

Pupils expecting to attend college after finishing high school should understand that most first class colleges require two years' high school work in a foreign language.

Parents are urged to send their children to school the first day. The child that enters school, a week or a month late is at a disadvantage. Start at the beginning—be punctual and regular in attendance. Work without ceasing and we will make this the best year in the history of the schools.

Respectfully,
E. L. DOONEY, Supr.

Will You Help the Democratic Party to Win This Campaign?

If so the most helpful thing you can do now is to contribute to the Democratic Educational Campaign Fund so that the Educational work of the Democratic National Committee can be carried out as planned.

The Democratic National Committee Needs Money And Needs It NOW.

For the purpose of getting the record of failure of this Republican Do-Nothing Congress and Do-Nothing Administration before the people, and to show them again the road to Democratic Prosperity, which they traveled for eight years of Democratic rule.

Send Your Contribution Today to the Record

The Democratic National Committee has arranged with the publisher of The Vernon Record to receive and receipt for contributions. A duplicate receipt will be mailed from Democratic National Headquarters.

Give What You Can Afford—Much or Little—But Give It Now

The Democratic Party has no privileged classes, no protected profiteers, no trusts or moneybunds to appeal to. It represents only the people, therefore it appeals only to them.

This is a Democratic Year. Do your share to help win the Victory.

Democratic Prosperity vs. Republican Disaster

The estimated wealth of the United States when President Wilson went into office in 1913 was \$185,000,000,000; it increased to \$300,000,000,000 in eight years of Democratic rule—a gain of \$115,000,000,000. The present estimated wealth of the United States is \$225,000,000,000—a loss of \$75,000,000,000 in fifteen months under Republican rule.

Since the Republican party was voted into power in November, 1920, the American farmers alone have suffered a loss of near \$30,000,000,000.

Some Republican Broken Promises

The Republicans promised the country PROSPERITY; they have given us ADVERSITY.

They promised to stimulate agriculture and business; they have given us an industrial panic and destroyed our foreign markets. Foreign trade declined from \$13,500,000,000 in 1920 to near \$6,000,000,000 in 1922.

They promised to reduce taxes; they have shifted taxes of the multi-millionaire and profiteering class to the smaller taxpayers without lifting taxes or reducing them. Repeal of the Excess Profits tax relieved the Big Interests of paying \$450,000,000 in taxes; reduction of the higher surtax relieved them of paying \$61,500,000.

They promised to reduce the high cost of living; they have given a Profiteers' tariff bill which increases the high cost of living, and makes the farmer pay \$5 on everything he buys for each \$1 of "protection" he gets.

They promised to reduce the expenses of the government; they have increased the expenses of running the various departments of the government (1923 budget, three years after the war \$536,000,000 compared to 1915, three years before the war, with an estimated deficit of \$500,000,000 in addition—or \$1,000,000,000 increase.

SUES WOMAN WHO OFFERED TO BUY HUSBAND.

Mrs. Edith Spreckels Wakefield.

Mrs. Rodney Kendrick, wife of a San Francisco newspaper artist, has filed suit for \$25,000 against Mrs. Edith Huntington Spreckels Wakefield, charging alienation of affections in one of the queerest love snarls on record. Mrs. Wakefield, first and divorced wife of the late John D. Spreckels, Jr., California multi-millionaire, though married now to Frank Wakefield, whom she is suing for divorce, went to Mrs. Kendrick and offered her \$100 a month for life if she would divorce Kendrick and permit him to become her third husband. All three admit the offer. Mrs. Kendrick, in addition to her suit against Mrs. Wakefield, will sue for divorce, while John D. Spreckels, Sr. will file suit to gain control of his three grandchildren, the oldest of whom is nineteen. He will also try to have set aside the \$80,000 bequest in his son's will to Mrs. Wakefield. Mrs. Wakefield is thirty-nine and good looking. Mrs. Kendrick is twenty-four and suffering from tuberculosis. Kendrick is thirty-nine. Mrs. Wakefield must not be confused with Mrs. John D. Spreckels, Jr., second wife of the millionaire, who was Miss Sidi Wirt. Mrs. Wakefield is a grandniece of the late Collis P. Huntington, from whom she inherited millions.

REVIVAL CLOSES HERE TONIGHT

FOY E. WALLACE WILL CLOSE CHURCH OF CHRIST MEETING AND GO TO PLAINVIEW.

Tonight will mark the close of a thirteen days' revival held at the tabernacle of the local Church of Christ. In many respects, this meeting, which was conducted by Foy E. Wallace and Tillet S. Teddlie will have been one of the best attended and most successful evangelistic campaigns ever held in Wilbarger by this denomination. Sixty additions, including forty-one baptisms were recorded during the meeting.

Large Audiences

Unusually large audiences characterized both the day time and evening services. The morning audiences averaged about 250, while the evening crowds were much larger, it being estimated that over 1,200 people were present in the tabernacle last Sunday night.

Members of the church and others from all parts of the county and Electric attended the meeting regularly. Mr. Wallace and Mr. Teddlie will leave for Plainview tomorrow where a ten days' meeting is scheduled to begin Sunday.

The minister's subject tonight will be "Instrumental Music—Is it Scriptural?"

Thomas E. Milholland, minister of the local church, will continue his regular work here. He will preach at the tabernacle Sunday at 11 a. m. and 8 p. m.

MOTHER FINDS SON AFTER 58 YEARS.

Mrs. Mary Roper and Joseph Roper

Fifty-eight years ago Mrs. Mary Roper, of Little Blue, Mo., and her husband separated, and he took away their children—Joseph, four, and his brother, Charles, one. After the desertion Mrs. Roper went to London to work for seven years. Then she returned to America, all the time searching for her sons. Finally she made her home at Little Blue. Lately Joseph Roper heard there was a Mrs. Roper searching for her sons, and he learned she was his mother. After the reunion Mrs. Roper learned the younger son is somewhere in Ohio. Her husband was a veteran of the Civil War, and she believes there is \$10,000 back pension coming to her.

located in Terry, Gaines and Yoakum Counties, South Plains of the Panhandle, Texas, are now being offered at prices and terms, which will enable any industrious farmer to buy and pay for a farm with less money than pay rent. Productive lands, a fine climate, abundance of good pure water, and a country in which one man raises more cotton, more corn and more sweet potatoes and other farm products, than a whole family can gather. No insect pests. We make landlords out of our customers instead of renters. Farmers who are anxious to own their own farms, are invited to come to Spearman, inspect our farm lands, look at the crops and talk to the men who raise them. A card to W. A. Soelle, General Agent, 22 Santa Fe Building, Spearman, Texas, will bring you a descriptive pamphlet, giving detailed information about these lands and plan of purchase. A reliable agent wanted in each county. 55-41c Fri.
